

ARSIS 2-WALL CORNER GRAB AND HOLD BAR

Anthracite

049725

PRODUCT DESCRIPTION

The ARSIS 2-wall corner T-bar in aluminium is mainly installed in a shower or bathtub area. It allows you to cross the step of a tray or the edge of a bathtub, to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.

The positioning of the vertical bar is free during assembly for more modularity. Once the bar is raised, this positioning remains fixed. It offers an optimal grip thanks to its 38 x 25 mm elliptical tube. It is sold with 2 rotating shower holders (1 sliding and one fixed). The fixing covers are made of polymer. It is delivered disassembled and has 4 fixing points.
