

135° ANGLED BAR ERGOLIFE

White

045225

PRODUCT DESCRIPTION

The ERGOLIFE 135° Angled Bar with 3 Mounting Points can be installed in a toilet or bathtub area. It allows you to keep your balance while standing or sitting, to get up and to transfer from one support to another. It offers a soft and warm touch thanks to its nylon coating. Its elliptical design of 38 x 25 mm guarantees optimal grip and very good ergonomics. With a distance between the bar and the wall of only 38 mm, its footprint is minimal. Its uniform, non-porous surface makes maintenance easy. The 135° angled bar is symmetrical to allow for right or left positioning. It is available with or without bases. The 8 attachment points of the version with bases simplify installation. The version without bases, with a single-point fixing, guarantees optimal hygiene. The ERGOLIFE range is ideal for hospitals, nursing homes and retirement homes.
