ERGOLIFE L-BAR

White

045295

PRODUCT DESCRIPTION

The ERGOLIFE L-bar with 3 attachment points is mainly installed in a shower area.

It allows you to keep your balance while standing or sitting, to get up and to transfer from one support to another.

It offers a soft and warm touch thanks to its nylon coating.

Its elliptical design of 38 x 25 mm guarantees optimal grip and very good ergonomics.

With a distance between the bar and the wall of only 38 mm, its footprint is minimal.

Its uniform, non-porous surface makes maintenance easy.

This bar is available with or without bases.

The 8 attachment points of the version with bases simplify installation. The version without bases, with a single-point fixing, guarantees optimal hygiene.

This bar is available in a right or left version and includes a pull-out shower holder.

It is delivered disassembled.

The ERGOLIFE range is ideal for hospitals, nursing homes and retirement homes.
