

## 90° ANGLED BAR ERGOLIFE

White

045275

### PRODUCT DESCRIPTION

The ERGOLIFE 90° Angled Bar with 3 Attachment Points is mainly installed in a shower area.

It allows you to step over a recipient's step, to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.

It offers a soft and warm touch thanks to its nylon coating.

Its elliptical design of 38 x 25 mm guarantees optimal grip and very good ergonomics.

With a distance between the bar and the wall of only 38 mm, its footprint is minimal.

Its uniform, non-porous surface makes maintenance easy. This bar is available with or without bases.

The 8 attachment points of the version with bases simplify installation. The version without bases, with a single-point fixing, guarantees optimal hygiene.

The ERGOLIFE range is ideal for hospitals, nursing homes and retirement homes.
