PRODUCT DESCRIPTION

The 135° angled bar in polished polished stainless steel with a diameter of 32 mm can be installed in a toilet or bathtub area. It allows you to keep your balance while standing or sitting, to get up and to transfer from one support to another. 304 stainless steel provides excellent corrosion resistance and durability even in the wettest conditions. The fixing covers are made of polished stainless steel. This bar is available in 2 or 3 attachment points.
