

ANGLED BAR 135° Ø 25 MM

Brushed

049490

image-produit

PRODUCT DESCRIPTION

The 135° stainless steel angled bar with a diameter of 25 mm can be installed in a toilet or bathtub area.

It allows you to keep your balance while standing or sitting, to get up and to transfer from one support to another.

304 stainless steel provides excellent corrosion resistance and durability even in the wettest conditions.

This bar is available in a brushed finish (with matt chrome polymer fixing covers) and a glossy polished finish (with glossy chrome polymer fastener covers).
