

MANA STRAIGHT BAR

Glossy White

049462

PRODUCT DESCRIPTION

The 25 mm diameter steel grab bar can be installed in a shower or bathtub area. It can be positioned vertically, horizontally or 135°.

It allows you to cross the step of a tray or the edge of a bathtub (in an upright position only), to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.
