

WASHBASIN PLAN ETRETAT

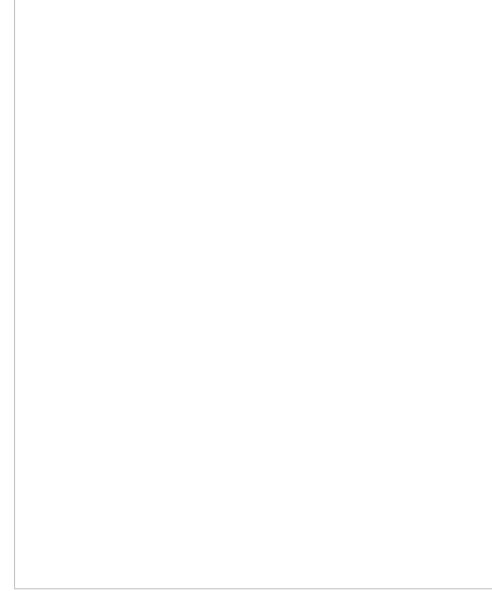

White

052614

PRODUCT DESCRIPTION

The ETRETAT corner washbasin is designed to meet the needs of people with reduced mobility (PRM), making it an ideal choice for shared spaces. Made of composite material, a mixture of marble powder and synthetic resin, it complies with the NF EN 14688 standard. Its smooth, non-porous Gel-Coat coating guarantees easy cleaning, scratch resistance and can withstand temperatures of up to 95°. Available in two versions: right or left version to adapt to all configurations. It is also cheekless on the backsplash side. The vanity top, while compact, offers a small, convenient space to store your toiletries or other essentials. It is equipped with a front skirt and a backsplash. It can be offered with or without overflow, and you have the option to choose a hole on the left or right for the taps, or without a hole, depending on your preferences (to be specified when ordering). This product is sold without taps or drains, giving you the freedom to select the accessories that fit your needs and style.
