

WASHBASIN PLAN DINARD

White

052613

PRODUCT DESCRIPTION

The DINARD washbasin countertop is specially designed to meet the needs of people with reduced mobility (PRM), making it an ideal choice for shared spaces. This plane is 400 mm deep. It is made of composite material, a mixture of marble powder and synthetic resin (meeting the NF EN 14688 standard). Its smooth, non-porous Gel-Coat coating ensures ease of cleaning and resistance to scratches and temperatures up to 95°. It is equipped with a front skirt, a splash guard and does not have side cheeks. This washbasin is available without overflow and can be delivered with a hole on the right or left for the taps or without a hole, depending on your preferences (to be defined when ordering). It is sold without taps or drain drains, giving you the freedom to choose the accessories that suit your needs and style.
